Product summary

pedicure and massage at the highest level!

Description

Spa pedicure chair Galaxy

Pamper your customers with a massage during their pedicure.

The special feature is the innovative, newly designed seat cushion with air cushions for a lateral, gentle pressure massage of the back and pelvis. An extraordinary experience full of relaxation and with a feel-good factor.

The massage chair can be conveniently controlled by remote control. There are also some types of massage, such as Shiatsu, tapping or kneading massage and various levels of intensity.
In the basin of the pedicure tub, your customers' feet will be pampered with a pleasant, color-lit whirlpool bath. This is ensured by a strong nozzle, which is adjustable in performance.

When you purchase a Galaxy Spa pedicure chair, you get a Spa work chair for free!

At maiwell we work in a customer-oriented and flexible manner. If you have individual wishes and e.g. want a different color combination, contact us and we will help you with that.
