Product summary

Provide optimum preparation for your nail modelling!

Description

maiwell FUNCTION Bond Dry - the pH balance agent for perfect modelling

The maiwell FUNCTION Bond Dry is an indispensable aid for long-lasting and flawless nail modelling. This pH balance agent optimally prepares the natural nail for modelling by degreasing the nail surface and balancing the pH value.

Your benefits at a glance:

- Creates the basis for successful and long-lasting modelling
- Balances the pH value of the natural nail
- Gently and effectively degreases the nail
- Easy to apply like nail polish
- Economical to use
- Available in a practical 15 ml bottle

Application:

Apply the maiwell FUNCTION Bond Dry sparingly to the natural nail and leave to air dry. Avoid contact with the cuticles. You can then continue with the modelling.

Technical details & prices
