Product summary

The buffer!

Description

Nail buffer orange-white: perfect nails in studio quality

This three-sided nail buffer in bright orange-white is a must-have for perfectly manicured nails - whether in the studio or at home.

The **high-quality grit (100/180)** gently and effectively smoothes ridges in the natural nail and prepares it perfectly for the next coat of gel or polish. This makes French manicures, Shellac & Co. a success in no

time at all.

Especially practical: One side of the buffer is **without an abrasive surface**, for particularly gentle work on the cuticles. Thanks to its **soft padding**, the buffer lies comfortably in the hand, allowing you to work with precision.
