Product Information

Product summary

Strong hold for lifting problems!

Description

maiwell Function Prolift EMA 800 C1 modelling liquid - ultra-strong hold & maximum time saving

The maiwell Function Prolift EMA 800 C1 modelling liquid is the professional solution for perfect acrylic design without lifting. The innovative formula allows the acrylic to be applied directly to the nail - without the need for a primer. This saves you valuable time and achieves professional results at the same time.
