

maiwell Function Liquid W1

Product Information

Product summary

Give your acrylic modelling a flawless and professional look!

Description

maiwell Function Liquid W1 - professional acrylic liquid for long-lasting nail modelling

The **maiwell Function Liquid W1** is the ideal solution for professional nail salons that want to offer their customers reliable and time-saving acrylic modelling. The clear liquid allows the acrylic to be applied directly without prior priming with primer. The innovative formula guarantees **ultrastrong adhesion** even without primer and effectively counteracts lifting. This allows you to achieve perfect and long-lasting results even with problematic nails.
