Product summary

A simple tool for every studio!

Description

Remove acrylic nails effortlessly and gently with the maiwell Q-Lifts tip remover!

The maiwell Q-Lifts tip remover made of stainless steel is a high-quality and professional tool that has been specially developed

for the safe and efficient removal of acrylic nails.

Advantages:

- **Quick and effortless removal:** The unique shape of the tip allows the acrylic nail to be lifted gently without damaging the natural nail.
- **Gentle to the natural nail:** Unlike conventional methods such as filing or milling, the Q-Lifts tip remover protects the natural nail from injury and thinning.
- **Ergonomic design:** The elegant and ergonomic design of the Q-Lifts fits comfortably in the hand and enables precise work.
- **Durable and hygienic:** Made from high-quality stainless steel, the Q-Lifts tip remover is particularly durable, easy to clean and sterilisable.

For professional results:

The maiwell Q-Lifts Tip Remover is the ideal tool for professional nail designers who want to offer their customers gentle and efficient removal of acrylic nails. Make your work easier and save time without sacrificing the health of your customers' nails!
