

maiwell colour gel anGELic - Pink

Product Information

Product summary

High-quality nail gels made in Germany

Description

Let your nails shine with the maiwell colour gel anGELic in pink (228)!

This picture shows it: a rich, bright pink, ready to set the scene for your nails. The maiwell colour gel anGELic in shade 228 is your perfect companion for trendy, colourful nail designs and creative nail art.

What makes the anGELic colour gel so special

?

- **Intense colour that inspires:** The high pigmentation ensures a rich colour and an opaque result even after the first coat.
- **Long-lasting pleasure:** The colour gel is extremely colour-stable - no fading, no yellowing. Enjoy radiant nails for weeks.
- **Easy to apply:** The smooth texture is effortless to apply and allows for an even result - also suitable for beginners.
- **No settling of the pigments:** No more annoying shaking! The colour gel remains homogeneous and ready for use, even after a long time.
