

maiwell metallic colour gel anGELic - Blue

Product Information

Product summary

High-quality nail gels made in Germany

Description

Dive into the depths of the ocean with maiwell metallic colour gel anGELic - Blue (289)

This radiant metallic blue, reminiscent of the shimmering vastness of the ocean, adds a touch of magic and elegance to your nails.

The advantages of anGELic colour gels at a glance:

- **Luminous, rich colour:** The shade "Blue (289)" impresses with its intense colour brilliance

and metallic shimmer, which draws all eyes to your nails.

- **Unlimited creativity:** Whether it's trendy full-cover modelling or artistic nail art designs - anGELic colour gels open up endless possibilities for you to give free rein to your creativity.
- **Highly pigmented & long-lasting:** The highly opaque formula ensures a perfect colour result after just one coat. The colour remains radiantly beautiful even after a long time and does not require any time-consuming re-mixing.
