Description

maiwell Premium Effect anGELic Lilac Silver (P199): Sparkling elegance for magical nails

Dive into the fascinating world of winter nail designs with the **maiwell Premium Effect anGELic Lilac Silver (P199)**! This exquisite colour gel combines the beauty of a delicate lilac with the magic of sparkling silver particles and gives your nails a sophisticated yet playful look.

The photo perfectly captures the unique depth of the colour. The gel polish shimmers mysteriously in a warm purple colour and the fine glitter particles create a fascinating sparkle that is reminiscent of

freshly fallen snow in the moonlight.
