### Description

## maiwell Master Studio Collection - 96 Professional Gel Nail Polishes (HEMA-free & TPO-free)

### Unrivalled color variety meets maximum skin compatibility

Set new standards in your salon or at home: The **maiwell Master Studio Collection** brings together 96 exclusive, highly pigmented gel nail polishes in a unique, comprehensive set. Specially developed to meet the high demands of professional nail design and spa environments, this collection offers full coverage, spectacular mirror-like shine, and maximum product safety.

The highlight of this reformulated range: The entire collection is **100% free from HEMA and TPO**. This effectively protects both you and your clients from skin irritation and contact allergies—without compromising on durability or color intensity.

---

## Why the Master Studio Collection will revolutionize your work:

- **96 Exclusive Trendy & Classic Shades:** From soft nudes and timeless reds to opaque satin-effect finishes—find the perfect shade for every skin tone, occasion, and client preference.
- **100% HEMA- & TPO-Free:** Drastically minimizes the risk of allergies. The hypoallergenic formula is gentle on the natural nail and meets the highest EU safety standards.
- **Up to 25 days of chip resistance:** The flexible, shock-resistant texture ensures ultra-long wear with a lasting high-gloss finish.
- **Perfect coverage from the first coat:** Creamy, self-leveling viscosity for streak-free, precise application without running into the nail edges.
- **Lightning-fast curing:** Save valuable time in the salon – fully dry in just **30 seconds under LED** or **120 seconds under UV light**.
- **Gentle soak-off system:** Effortless and time-saving removal using acetone-based systems – protects the natural nail plate without any aggressive filing.

## Technical Product Specifications

**Pro tip for salons:** Thanks to the ergonomic brush head, achieving a clean application right up to the cuticle is quick and easy.

| Feature            | Specification                                   |
