Opacity: Highly pigmented / High coverage

Collection: maiwell 41 Colors Collection

Application instructions for a perfect result:

1. Prepare, buff, and degrease the natural nail as usual (Dehydrator / Primer).
2. Apply a thin coat of Base Gel and cure under the lamp.
3. Apply **maiwell Color Gel** in 1–2 thin coats. Due to its self-leveling viscosity, the gel distributes evenly.
4. Cure completely under the **LED lamp (30–60 sec.)** or **UV lamp (120 sec.)**.
5. Seal with a maiwell Top Gel (High Gloss or Matte) and cure.

Studio Tip: This shade is also available as part of our money-saving maiwell Color Gel 41 Colors Set. Thanks to the HEMA- and TPO-free formulation, this color gel is ideal for clients with sensitive natural nails or a tendency towards contact allergies.
