Product summary

For lifting unsightly grooves!

Description

An end to unsightly grooves: NSI Line Out groove filler

The NSI Line Out groove filler gives you the perfect foundation for flawless nails. The high-quality product smoothes out longitudinal and transverse grooves in fingernails and toenails, creating an even surface - the ideal base for coloured polish, nail modelling and artificial nails.

Your benefits:

- **Visible instant effect:** Annoying grooves disappear in the blink of an eye.

-
- **Professional finish:** Ensures a well-groomed nail appearance and makes coloured polishes shine evenly.
 - **Improved adhesion:** Creates the optimum base for long-lasting nail modelling.
 - **Easy application:** Thanks to the practical brush, the groove filler can be applied like a nail polish.

Application:

Clean your nails thoroughly and file or cut them into shape. Then apply the NSI Line Out groove filler evenly to the nail surface and leave to dry. You can then continue with the manicure of your choice!
