Product summary

to freely breathe!

Description

Face & Nose mask three-ply Blue 50pcs

The three-ply disposable face mask protects the airways from e.g. Filing dust from typical work in the nail salon.

The face mask ensures hygienic work. It protects the respiratory tract from the smallest dust particles, which can occur when filing or milling, for example, without hindering breathing.
It is extremely comfortable to wear and offers a firm hold at the same time. The face mask consists of three layers of fleece (Meltblown fleece inside). It is not irritating and therefore also suitable for allergy sufferers. The three layers ensure a high filter performance.
This is how you protect yourself and your customers.

- disposable
- content: 50 pieces
