

Nail miller URAWA G5 (without spare carbon brush)

Product Information

Product summary

Professional quality from the house of URAWA!

Description

URAWA G5 nail miller: precision and power from Japan

Discover the new generation of professional nail care with the URAWA G5 nail miller. This masterpiece of Japanese engineering combines power, precision and an elegant design in one device

Advantages at a glance:

Who is the URAWA G5 nail miller suitable for?

The URAWA G5 is the perfect choice for professional nail designers who value precision, performance and durability. Whether you are working on acrylic, gel or natural nails, the URAWA G5 masters every challenge with ease.

For even more efficient work, we recommend the G5 foot pedal (item no.: FS4509). This optional accessory allows you to conveniently regulate the speed of the device with your foot, leaving both hands free for precise work.

The URAWA G5 nail miller - your reliable partner for perfect nails

- **Powerful motor for effortless work:** The integrated high-performance motor of the G5 handpiece ensures constant power even in continuous operation and reaches a speed of up to 28,000 rpm.
- **Low-vibration operation for precise results:** Enjoy comfortable and controlled work thanks to the low-vibration design. Even the most delicate designs can be realised effortlessly.
- **Ergonomic design for fatigue-free working:** The G5 handpiece has been specially developed for fatigue-free working and fits perfectly in the hand.
- **Compact and robust housing:** The URAWA G5 nail drill is not only powerful, but also particularly durable. The compact housing fits into any studio and is easy to transport.
