With minimal effort to create sparkling white French tips!

Description

ibd French Xtreme WHITE Hard Gel - radiant white for perfect French nails

The **ibd French Xtreme WHITE Hard Gel** is a high-quality, **white builder gel** especially for long-lasting French modelling. The **thick texture** is easy to apply and work with and ensures **stable and robust nail reinforcement** for both natural and artificial nails. The **bright white** conjures up radiant French tips with **permanent high gloss**.

Advantages:

- **Shiny white for perfect French nails**
- **Thick formula for easy application and application**
- **Strong and robust structure for resistant nails**
- **Strengthens and builds up both natural and artificial nails**
- **Permanent high gloss**
- **Only 240 seconds curing time**
- **No heat development thanks to integrated "cool cure system"**
- **High quality and long durability**
- **Content: 56g**

Application:

Apply the ibd French Xtreme WHITE Hard Gel to the tips of the nails after the French base coat has cured. Sculpt the desired shape and cure the gel under a UV lamp for 240 seconds.
