Product summary

Spectacular 3D effects!

Description

**Oumaxi Multi-Surface 3D colour Quinacridone Magenta 35ml:
Create radiant accents!**

**Discover the world of three-dimensional art with the Oumaxi
Multi-Surface 3D colour in quinacridone magenta. This high-**

quality acrylic paint in a practical 35 ml tube is your perfect partner for impressive 3D effects on a wide variety of surfaces.

Your advantages at a glance:

- **Exceptional colour brilliance:** The vibrant quinacridone magenta attracts everyone's attention and gives your artwork unparalleled depth.
- **Unique consistency:** The creamy texture enables precise application and modelling, even of intricate designs.
- **Versatile application:** Whether on canvas, wood, paper, metal, plastic or even nails - Oumaxi 3D colour adheres securely and reliably to almost any material.
- **Easy to use:** The transparent tube enables perfect dosing and the practical flip-top cap prevents the paint from drying out.
- **Professional quality:** Developed for artists and creatives who value the highest standards.

Unleash your creativity and create fascinating 3D works of art with the Oumaxi Multi-Surface 3D paint!
