Let your imagination run wild with the **Oumaxi Multi-Surface 3D paint in primary blue**. This high-quality 3D colour in bright primary blue adds a new dimension to your artwork, DIY projects and decorations.

---

The unique formula of the Oumaxi 3D colour offers:

- **Exceptional colour brilliance:** Create eye-catching designs with intense, long-lasting colours.
- **Unique consistency:** The creamy texture enables precise application and modelling, ideal for fascinating 3D effects.
- **Versatile use:** Suitable for various surfaces such as canvas, paper, wood, metal, plastic, textiles and nails.

**Discover the limitless possibilities:**

- Give your paintings exceptional depth and texture
- Create unique decorations for your home
- Decorate your DIY projects with customised designs.
- Create innovative nail art in the nail salon with that certain something.

The practical and transparent 35 ml tube makes dosing easy and ensures that you can enjoy your Oumaxi 3D colour for a long time.
