Product summary

independent with battery!

Description

maiwell light curing device LED/UV Dome Dual Cure Light wireless / rechargeable

This light curing device allows you full mobility in the workplace.

Thanks to battery operation, the device can quickly switch from one workstation to another - without any cables and sockets!
Fully charged keeps the battery for up to two hours of continuous operation. 33 bright UV-LED's ensure a quick drying of UV or LED gels. The device starts fully automatically via a hand sensor and has three different timer settings.

- optionally wireless trough battery operation
- 33 light-intense UV-LED's
- 365nm + 405nm LED for curing UV and LED gels
- timer settings: 30, 45 and 60 seconds
- power: 48 Watts
- voltage: 110 / 220V at 50 / 60Hz
- automatic hand sensor that activates the UV lamp when subgeasing
- robust plastic housing for continuous use and little heat loss
- removable footplate for use for the feet
