Description

The maiwell gel brush Cat II size 4: precision meets professional quality

The **maiwell gel brush Cat II size 4** is more than just a brush - it is your tool for flawless nails and professional work.

Precision for perfect results:

The maiwell gel brush Cat II in size 4 was specially developed for precise and clean work with gels. The **stable tip** made of high-quality synthetic fibres guarantees even application and a streak-free result, even with intricate designs. Thanks to the **optimal elasticity**, the brush retains its shape even after frequent use, ensuring professional results over the long term.
